

BIG4LIFE

BUILDING-INTEGRATED GREENERY

Towards the New European Bauhaus by advancing the lifespan of BIG systems

BIG4LIFE aims at promoting collaborative strategies for management, maintenance, impact monitoring, and evaluation of Building Integrated Greenery (BIG) systems.

Through eight representative pilot cases, BIG4LIFE will enhance the lifespan of BIG systems by improving their long-term sustainability and the provision of ecosystem services in Mediterranean cities.

Concepts & approaches

H-Buildings at PCITAL Agrofood Scientific and Technologic Park of **Lleida**

Porxos d'en Xifré, **Barcelona**

TEB Cooperative headquarters, **Barcelona**

URBASER, **Barcelona**

Pérez-Iborra school, **Barcelona**

Tibidabo amusement park green wall, **Barcelona**

Partners

The BIG4LIFE project has received funding from the LIFE Programme of the European Union
